From (Name) J. M. M. Parker, Esquire.,

(Designation) Superintending Engineer, III Circle.

To The

Joint Secretary to Government , P. W. D.,

(Buildings and Roads) M A D R A S

Sir, 13 cancle

With reference to your memo 481 of 17-3-20 I have the honour to state that it is not clear to what other connexions the last para of your memo under reply refers to. The only connexions proposed in my no 809 of 27/30-I-20 were between the Superintending Engineer's office, Superintending Engineer's residence and central exchange. It is understood that sanction has been accorded for a connection between the Collector's residence and the exchange, and I beg that the decision communicated in your memo under reply as regards the Superintending Engineer's residence may be considered. The Superintending Engineer's residence is about two miles from the office ...

Memo 481/Accts/20-21/22. P. W. D 20

Pb4-5 CF. Copy 1561 Accts. From the S.E III Circle No. 3115 dated 24.8

With reference to the letter read above the S.E. III Circle is informed that in his letter No 80.8 dt 27/30.1.20 he requested sanction to incur recurring charges for telephone connexions to (1) his office (2) the combined P.W.D offices in the Fort & (3) his official residence at Bellary, ~~and that He~~ was told in reply that the connexion to his ~~proposed~~ residence could not be sanctioned and was repeated ~~for~~ furnish information as ~~desired~~ & the rent involved in regard to the other connexions. He is requested to furnish this information at an early date

2. So far as the proposed

From (Name) J.M.M. Parker Esqr.,
(Designation) Superintending Engineer, III Cir.

To The
Secretary to Government, P.W.D.
(General & Irrigation).
Madras.

Sir,

With reference to your memo. No. 481 Accts/20-2, dated 22nd May 1920, I have the honour to state that in this office letter No. 809 of 30th January 1920 sanction was sought to connect the Public Works Department office building (Superintending Engineer's and Executive Engineer's office) in the fort and the Superintending Engineer's residence with the proposed central telephone exchange The Superintending Engineer's office and the Executive Engineer's Office are located in one building and this is the combined P.W.D office in the fort. Thus two connections only were proposed i.e.

(1) Superintending Engineer's residence to combined office
and (2) office to exchange As you have definitely decided that the former connection is unnecessary the object of the latter ceases to exist as there are very few occasions on which ordinary official

official correspondence by messenger from the Superintending Engineer's office to the offices of other departments will not suffice.

2. As regards the cost of the proposals made in the previous correspondence, the annual rental for a sixteen hours service for a distance of 2 miles or less will be Rs 135 ~~Rs~~. Thus the cost of the two connections referred to above would be 135x 2 = Rs. 270/- per annum.

I have the honour to be,

Sir,

Your most obedient servant,

Krishna Swami Ayya

G.O. 481 Addl. from the S.E. III O. no 809 dt 27/10.20

Telephone to the P.W.D. office and the S.E's residence at Bellary.

DW
J.

Apl 26

Please see the S.E's letter. The S.E requests that sanction of Govt may be accorded to connect by telephone the P.W.D. offices and the official residence of the S.E at Bellary. in the event of a telephone exchange being established there. There is no information in this office regarding the establishment of an exchange. But the S.E says that the telegraph deptt has begun to construct the line

2 If an exchange is to be established at Bellary, there seems to be no objection to connect the P.W.D. offices by telephone, as it will no doubt facilitate the work But the question of connecting the S.E's residence seems to be one which requires consideration. Attention is in this connection invited to memo.

Memo No 5469 C) 23-2-19, wherein a proposal to connect the S. Es residence at Waltair was recently negatived ~~by the Commr~~ In the circumstances it is to order whether the S. Es request to connect his residence by telephone may be agreed to. No the other residence in the presidency ~~is Camp~~ has got a telephone connection

Here is the reference in which the G of I recommended the extension of the telephones as a desirable policy. It Came Cadet W 10.2.20

file referred to is linked herewith please see the linked case

11.2.20 I saw in another file that S was going to Waltair shortly. It was he has stated that he will look into the Waltair telephone & S's residence. If Waltair is agreed then Bellary will have to be agreed also I think so do you

This file will depend
on Hable for Hanley's
recommendation in Walton
Case
Clerks as y all Offices
Un residences of important
Officials will have to
be connected in hear future
provided they are within
a reasonable distance
of each other
S

16.2.20

Instructed to Hdd.. for orders with
reference to note on l/f.

For Hdd's orders similar
phrase on linked file. The Connect con
to Mr S's residence has been negatived
but it is presumed that the proposal
to connect the P.W.D offices is accepted.
As regards the Phenix exchange at
Bellary, there are no papers in this office.
Perhaps the Superintending Engr. may be
asked to submit definite proposals
if he has yet any proposal under

~~Consideration A draft letter is put~~ further information as to the rent of which will have to be paid

Draft submitted accordingly

Issued as memo No 481 Accts/20 dt 17.3.20

CNO 1561/Accts from the S.E. III O No 3115 dt 23.6.20

Please see the S.E's letter.

The S.E says that the last para of this office memo at p 3 cf is not clear to him. From his letter No 809 dt 27/30.1.20 it will be seen that the S.E wanted telephone connections to his office, i combined P.W.D. offices, and his residence. The S.E was told that the connection to his residence could not be sanctioned and he was asked to furnish information as to the rent involved in regard to the other connections (viz) his office and the Combined P.W.D offices. The S.E may be informed accordingly ~~& asked to furnish the charges for the above 2 connections~~

2 The S.E also requests to reconsider the order passed

Vide portion marked A on p-2 cf

ORDER. No. 104611 dated 9.7. 1920.

Rs

The correspondence read above relates to proposals for connecting the official residence of the S.E III circle at Bellary and also the Combined P.W.D offices in the Fort there with the Central telephone Exchange which is about to be established at the place.

2. The Government do not approve of the proposal to connect the S.E's residence with the exchange. ~~but are pleased to sanction~~ As however the Govt consider it desirable that there should be telephonic communication between the office of the Collector

11

and the Combined P. & T. office in the Fort, they are pleased to sanction the connection of the Combined office with the Central Exchange.

3 The Director Telegraph Engineering S. Circle Madras is requested to arrange for putting up the installation and connecting it with the Central Exchange when it is established
